Feedback Report 2023-24

A] Total 73 students have submitted their feedback.

- 1) 92 % students satisfied with our facilities and initiative taken by college.
- 2) Sports, culture, Drinking water and canteen facilities need to improve.

B] Total 10 Teachers have submitted their feedback.

- 1) Almost all the teachers are happy with the present syllabus and facilities provided by the college.
- 2) Faculty member are satisfied by the facilities provided by the college to participate in conference/seminar/workshop.

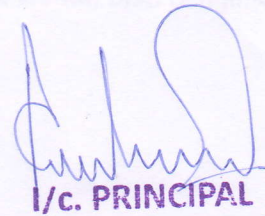

C] Total 40 alumni have submitted their feedbacks.

- 1) 79 % of alumni are highly satisfied with the present syllabi, facilities and conduct of college.
- 2) About 37 % Alumni are not member of Association and not involved in discussions with management.

D] Total 35 parents have been given their feedback.

- 1) Parents are very happy with the facilities and activities of the college.
- 2) In their opinion resources & Infrastructure has to be improved.

Convener

Dr. A. N. Basugade

Principal

Co-Convener

Prof. V. R. Kaledhonkar

Prof. M. L. Kadam

Dr. S. G. Patil

Respected Sir/Madam,

Welcome to the National Conference on **Role of Science & Technology in Sugar & Allied Industries**. It gives us immense pleasure to inform you that, Rajarambapu College of Sugar Technology, Islampur is going to organize National Conference on Role of Science & Technology in Sugar & Allied Industries on 15th February 2024. The conference will provide a platform for scientist, academicians, researchers & industrialists to exchange new ideas, theories, technology and meaningful interactions. We request your active participation along with your esteemed colleagues. We hope that your gracious presence & active participation will help us to make our conference a grand success.

About The College : Rajarambapu College of Sugar Technology, Islampur is started in 2010. Our College follows a philosophy of 'Knowledge is Power'. Ours is the first & only college affiliated to Shivaji University, Jalhapur for B. Sc. and M. Sc. Sugar Technology & Alcohol Technology. These PG programs were started to develop research culture among the students. To provide good human resource for sugar & alcohol industries, we have started certificate courses like Distillery Plant Operator, DCS Operator, Sugar engineering etc. Almost care is taken to shape the mindset, attitude and personality of the student. The institution has been doing pioneering work in Soil conservation, tree plantation and natural resource management.

Sant Dada Sugar Institute, Pune has awarded to our chairman Hon. B. D. Pawar with 'Best Managing Director' Award for his excellent work at Ishwasrao Naik Sahakari Sakhar Karkhana, Chikhali.

About the Conference : Science is the study of natural world through scientific method while technology is application of science. Science and technology are the twin side of coin that can never be separated. In sugar and allied industry there are various operations for production process which are based either on science or on engineering. Clarification, Decoloration, Crystallization, Fermentation and Distillation are main operations related with science while Extraction Heating evaporation, Power generation, Steam generation operation are related with engineering. In this conference authors discuss regarding role of science in sugar and Allied Industry. The conference intends to provide a common platform for scientist, academicians, researchers & industrialists about recent advances and developments in science in accordance with the Sugar & Allied Industries. This conference is a sincere effort to correlate with all branches of science like Botany, Biotechnology, Microbiology, Environmental science & Chemistry etc. to enrich research activities and applicability. The conference will provide an opportunity to exchange ideas and identify the priority areas of future research in Sugar & Allied Industries for the benefit of society and industry.

THEME OF CONFERENCE - ROLE OF SCIENCE & TECHNOLOGY IN SUGAR AND ALLIED INDUSTRY.

sub themes:

1. Role of Chemistry in Sugar & Allied industry.
2. Ethanol production from various feed stock.
3. Branded sugar and their production process.
4. Process Chemicals used in Sugar & Allied Industry.
5. Use of Biotechnology in Sugar & Allied Industry.
6. Application of Microbiology in Allied Industry.
7. Effluent Treatment Process in Sugar & Allied Industry.

Technical Program

Conference consists of invited talks. The contributory papers will be presented in oral and poster sessions.

Resource Persons

Eminent academicians, researchers and industrialists in science, Biotechnology and Microbiology from reputed institutions will form the forum of resource persons for the conference.

Call For Papers

Authors are invited to submit their original work related to theme or sub-themes. The research paper should be typed in Time New Roman with font size 12 a single spacing on A4 size paper. Full paper should be up to 2000 words and the abstract in maximum of 250 words. Selected paper will be published in Peer Reviewed Referred and Indexed Journal with ISSN number & impact factor ≥ 1.0 in electronic form.

Submission of Research Paper :

Soft copy of the abstract and full paper along with reregistration fee should be submitted to the convener of the conference on or before 8th February, 2024.

Email for Submission of paper : rcstcollege2010@gmail.com

No paper will be accepted without registration fee.

Important Dates :

Last date for submission of Abstract and Registration: January 31, 2024

Last date for submission of full-length Paper and Registration: February 8, 2024

Registration :

- Registration Fees:**
- i) Faculty & Industry persons - Rs. 500/-
 - ii) Students – Rs. 300/-

Mode of payment : online / Offline

For Online payment details : Name : Rajarambapu College of Sugar Technology, Islampur

Name of Bank : Bank of India, Islampur

Refresher Course in Fermentation & Distillation Operations in Distillery Industries

Summary Report of the Refresher course

The summary report of the refresher course on "Fermentation and Distillation operations in Distillery Industries" organized by department of Alcohol Technology, Rajarambapu College Of Sugar Technology, Islampur Dist: Sangli, Maharashtra On 28th and 29th June 2024. Following topics related to distillery industries are discussed in the refresher course.

1] Global scenario of alcohol production by Dr. S.V. Patil, Eminent Scientist in the field of alcohol technology and Ex VSI, HOD of Alcohol Technology Department.

The various sources for alcohol production are explained with the alcohol production are alcohol yield of that raw material. The comparison of alcohol production of India Vs World was discussed in detail.

2] Mollasses Quality, Composition, grade and factors affecting on composition of the molasses by Mr. M. L. Kadam, Head, Alcohol Technology, Rajarambapu College of Sugar Technology Islampur.

The detail composition of cane molasses and various factors affecting on quality of molasses, and its effects on fermentation and control of adverse effects was discussed in the lecture. The comparison of syrup and B –Heavy molasses with cane molasses was also carried out and in the lecture.

3] Yeast propagation by- Dr. Sandip Patil : Various type of yeast and bacteria used in alcoholic fermentation, laboratory stage yeast propagation plant scale propagation were discussed in the lecture.

4] Automation in distillery by- Mr. A. M.Mali Distillery chemist of Rajarambapu SSK.LTD. Sakharale

The advantages of automation in distillery, control of parameter in fermentation and distillation process were discussed in the lecture.

5] Alcoholic Fermentation, batch continuous and fed batch fermentation by Mr.M.L.Kadam Head, Alcohol Technology, Rajarambapu college of Sugar Technology ,Islampur.

The various types of fermentation technologies for alcoholic fermentation i.e Batch continuous and fed batch fermentation technology were discussed in detail, its flow sheets, various parameters were discussed and factors affecting on fermentation process were also discussed in detail in the lecture.

6] Contamination control in distillery by- Amol Autude , consultant in the field of Alcohol Technology Pune. Various sources of contamination in distillery fermentation process and its remedial measures were discussed in the lecture.
