

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities:

An inclusive environment is holistic and recognizes the unique contributions of each student of a diverse community. An inclusive society is a society that over-rides differences of race, gender, class, generation, geography, and ensures inclusion, equality of opportunity as well as capability of all members of the society. Inclusive learning environments are those that provide opportunities to all students to learn and grow. Which means that education creates a space in which every student is respected, supported, and challenged to achieve their goal. The institute tries to maintain healthy relation among teachers, students and administrative staff. The college organized various activities like social, cultural, and traditional. Institutes participated cleanliness campaign, blood donation camp & voting awareness program which is create social responsibility. During the NSS camp, students believes to work on community beneficial activities like tree plantation, repairing of roads, cleanliness, water-conservation, digging pits for toilets in the adopted village. All the activities help to increase knowledge of different sectors of society and also maintain inclusive environment.
